# **Diversity Day Presentation**

D.R. Goode Building Atlanta, Georgia  
October 29<sup>th</sup> & 30<sup>th</sup> 2009

## **Thursday 10/29/2009 - Meet and Greet Day**

October was NS Diversity Awareness month and the Atlanta Diversity Council members hosted the two day event. October 29<sup>th</sup> was a Meet and Greet day, council members wore their Diversity attire and distributed the Generational Difference handouts to NS employees as they entered and exited the building.

NS has a multi-generational workforce and the Meet and Greet captured the interest of many, the handouts created quite a buzz as the employees enjoyed comparing their generation to their co-workers. There were several employees seeking a council member so they could get one of the handouts, this event proved to be informative and successful.

## **Friday 10/30/2009 – “Managing Generations”**

October 30<sup>th</sup>, the presentation “Managing Generations” was held in the Peachtree Room from noon to 1:00pm.

The speaker for the Atlanta office was Ms. Theresa House, Senior Project Manager – IT Department.

There was a power point presentation along with a question and answer series. The audience participation was lively and generated many responses to the generational questions. During the presentation we had an employee from Bosnia and an employee from Syria comment on the cultural differences they have experienced. Lunch was provided and the Diversity Council members past and present were represented. We thank you all for making Diversity Awareness month a success.
